

A full-page photograph of a worker in a white protective hazmat suit, including a hood and gloves. The worker is wearing a blue and black respirator mask with two circular filters. They are holding a black spray wand. The background shows a white metal lattice structure, possibly a ladder or scaffolding, against a dark sky. The Vanguard Safety logo is visible on the worker's chest and in the top right corner.

COME GROW WITH US!

OUR MISSION

Vanguard Safety is a leading PPE manufacturer that uses our extensive expertise to engineer quality products at an outstanding value. We provide trusted, customized solutions that help our customers meet their needs and grow their business.

OUR VISION

Become the market leader for trusted product solutions. Build long-lasting value for our customers and employees with a culture based on humility, integrity and expertise.

OUR VALUE

Trusted, customized product solutions that make customer supply chains stronger and more profitable. We embrace an ease of business with a commitment to the overall customer experience.

WHAT DOES CUSTOMIZED SOLUTIONS MEAN TO YOU?

PRODUCT SOLUTIONS

- High-Quality, Innovative Products
- Our Products exceed FDA Requirements and are Produced in ISO Certified Facilities
- On Demand Product Training and Education
- Head-to-Toe Product Selection to meet all PPE Needs

SUPPLY CHAIN SOLUTIONS

- International Reach
- Risk Mitigation
- Safety Stock in 3 Domestic Warehouses

COMMERCIAL DEPLOYMENT

- End User Assessments
- Continuous Improvement Program with Shared Savings
- Direct Vertical Market Specialists
- Cost of Capital Expertise
- Personalized Business Reviews

WHAT OUR CUSTOMERS GET

- End user growth, compliance and retention
- Ability to support large, multi-site national end users
- Less risk, less variability and better service
- Improved total economics
- Competitive advantage

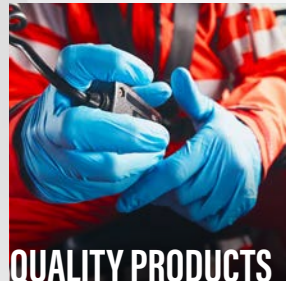

WHO WE ARE

Vanguard Safety is one of the fastest growing PPE manufacturers in the United States, with hundreds of distributors nationwide. Our team has been serving customers like you for over 30 years and has a trusted reputation as leaders in our space. We provide customers with excellent service, fast response times and personalized solutions to help grow their business.

Here at Vanguard Safety, we are passionate about operational excellence and everything we do is thoughtfully executed with our customers in mind. We pride ourselves on using high quality materials in our products to provide customers with hand and body protection they can depend on.

WHY VANGUARD SAFETY?

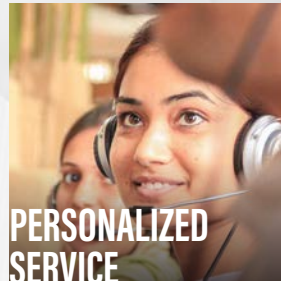

QUALITY PRODUCTS

Proven high-quality products that our team has been crafting for over 20 years.

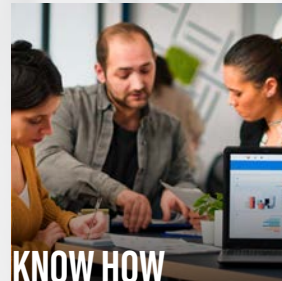

FAST SHIPPING

Fast shipping exceeds industry standards.

PERSONALIZED SERVICE

Always speak to a person and not to an automated service.

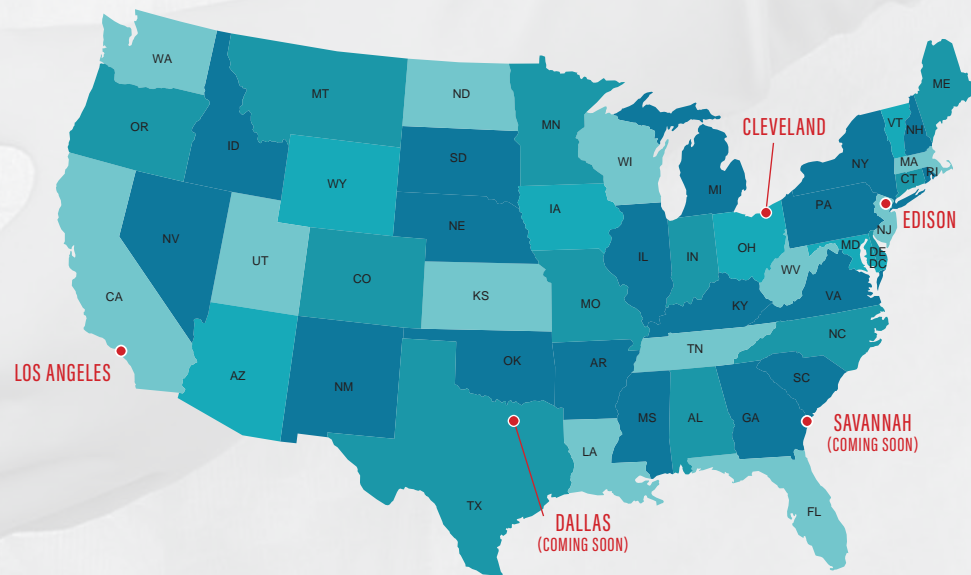

KNOW HOW

Position you to beat the competition.

OUR REACH

We have warehouses in Cleveland, OH, Edison, NJ and Los Angeles, CA.

Additional locations in Dallas, TX, and Savannah, GA, are set to open soon.

Perris, CA 92571

MARKETS WE SERVE

CUSTOMIZED SOLUTIONS FOR A FIRST CLASS CUSTOMER EXPERIENCE

In a few short years, we have expanded to provide a vast array of PPE including apparel, reusable gloves and safety accessories to multiple industries and distribution channels.

FOOD SERVICE & FOOD PROCESSING

With an anticipated year-over-year growth of 7.5% CAGR, Food Service is growing at a higher rate than the 5.1% CAGR of the entire PPE industry. We have an extensive offering and the ability to innovate product solutions that safeguard not just employees but also the food they produce.

JAN-SAN

Extensive offering to protect workers exposed to harsh chemicals, various risks and hazards. Our expertise balances worker safety, productivity, and comfort.

HEALTHCARE

Estimated at 50% of the North American PPE market, Healthcare is the largest segment. We manufacture a full range of medical products including hand protection, body apparel, masks, premium wipes, and consumables. Our high quality products are backed by industry standards and the third party specifications required in both Acute Care, Long Term Care, and specialty channel users.

INDUSTRIAL

Workers now require employers to supply PPE that's consistent, better performing, more comfortable and more stylish. We understand the balance between workplace safety trends and rising PPE costs. Our expanding PPE portfolio, global supply chain, and commitment to innovate offers our partners the ability to manage risk while trusting in our commitment of continuous improvement.

Our portfolio and expertise are positioned to help distributors across channels.

NEW

NatureGuard™ Biodegradable Exam Gloves

PROTECT YOUR HANDS AND THE PLANET. BIODEGRADABLE GLOVES ACCELERATE LANDFILL BREAKDOWN WITHOUT ANY PERFORMANCE LOSS.

Sustainability is important to us at Vanguard Safety. We want to ensure we are responsible stewards for the next generation. In order to meet our customers' needs today, but also uphold the promise of tomorrow, we added a new, sustainable product solution to our arsenal.

Did you know it can take up to 100 years for regular nitrile gloves to degrade in a landfill? Our new VGuard® NatureGuard™ Biodegradable Gloves achieve 80.8% degradation in landfills in less than a year and a half!

Item	Size	Mil Thickness	Texture	Gram Weight	Quantity
A1KA21	Small	3.5	Fingertip	3.5	100 bx/10 cs
A1KA22	Medium				
A1KA23	Large				
A1KA24	XL				

- NatureGuard™ technology achieves 80.8% biodegradation in landfills in 490 days.
- Medical Grade – ASTM D6319.
- Powder Free.
- Textured surface for improved grip.
- Ambidextrous.
- Not made with natural rubber latex.
- Complies with FFDCa food handling requirements 21 CFR, Parts 170-199.

SAME PERFORMANCE. QUICKER DEGRADATION.

VANGUARD SAFETY GLOVES ARE TESTED TO BOTH ANSI & EN388 STANDARDS.

ANSI-105 Standard for Cut Resistance

This standard follows the ASTM F2992-15 test method which measures cut resistance on a 9-level scale from A1 to A9. Using a TDM 100 Machine, a sliding blade is dragged across the glove material. The higher the weight required to cut the material, the higher the cut rating.

ANSI A1 200-499 GRAMS	ANSI A2 500-999 GRAMS	ANSI A3 1,000-1,499 GRAMS	ANSI A4 1,500-2,199 GRAMS	ANSI A5 2,200-2,999 GRAMS
ANSI A6 3,000-3,999 GRAMS	ANSI A7 4,000-4,999 GRAMS	ANSI A8 5,000-5,999 GRAMS	ANSI A9 6,000+ GRAMS	

LINER MATERIAL BASICS

High Performance Polyethylene (HPPE)

- Lightweight. Unmatched comfort, flexibility, and abrasion resistance.
- Ultra strong. HPPE is 15 times stronger than steel on an equal weight basis.
- UV resistant. Can be bleached.
- Dyneema® is the name brand version of HPPE.

Aramid

- A synthetic, thicker fiber which provides a high level of cut resistance.
- Durable. Aramid is 5 times stronger than steel on an equal weight basis.
- Naturally heat and flame resistant. Ideal for applications requiring both cut and heat resistance.
- Not UV resistant. Cannot be bleached.
- Kevlar® is the name brand version of Aramid.

Stainless Steel & Fiberglass

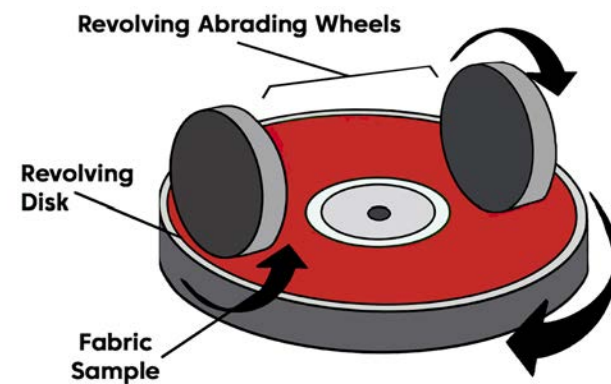

- Cut resistant fibers that enhance the glove's cut protection.
- Typically, there is a more comfortable material wrapped around either the stainless steel or fiberglass to increase overall comfort.

Nylon

- Ultra lightweight, durable, and abrasion resistant fiber.
- Superior comfort, flexibility, and breathability. Cooling on the hand.
- Excellent dexterity and sensitivity. Dries quickly.

ANSI-105 Standard for Abrasion Resistance

This standard follows the ASTM test methods D3389-10 for coated gloves and D3884-09 for uncoated gloves. The test is conducted by rotating a piece of the glove's palm under two abrasive, weighted wheels. As the wheels scrape against the material, the test measures the total number of abrasion cycles until the liner and coating (if present) is worn through.

Abrasion Level (500g Load Test)	Abr Cycles to Fail	Abrasion Level (1000g Load Test)	Abr Cycles to Fail
ANSI 0 ABR	< 100	ANSI 4 ABR	≥ 3,000
ANSI 1 ABR	≥ 100	ANSI 5 ABR	≥ 10,000
ANSI 2 ABR	≥ 500	ANSI 6 ABR	≥ 20,000
ANSI 3 ABR	≥ 1,000		

Tested in accordance with ASTM D3389 & ASTM 3884-09

NEW REUSABLE GLOVES / CUT RESISTANT

R11A3 Series / HPPE A3 Polyurethane Coated

R11A3

Item	Size	Liner Gauge	Liner Material	Coating Material	Quantity
R11A36	XS	13	HPPE	Polyurethane	1 pr/bag 12 pr/bag 144 pr/cs
R11A37	Small				
R11A38	Medium				
R11A39	Large				
R11A310	XL				

- Breathable, superior comfort and nonslip grip.
- Flexible 13g seamless knit HPPE blended liner keeps hands cool.
- Recommended for manufacturing, construction, metal and glass fabrication and machining.
- Polyurethane palm coating resists abrasion and provides good wet and dry grip.
- **FFDCA compliant** and machine washable.
- Individually packaged 1 pair / bag.

R18G4 & R18H4 Series / HPPE A4 Uncoated

R18G4

Item	Size	Liner Gauge	Liner Material	Coating Material	Quantity
R18G47	Small	13	HPPE	Uncoated	1 ea/bag 12 ea/inner bx 48 ea/cs
R18G48	Medium				
R18G49	Large				
R18G410	XL				

Item	Size	Liner Gauge	Liner Material	Coating Material	Quantity
R18H47	Small	13	HPPE	Uncoated	1 ea/bag 12 ea/inner bx 48 ea/cs
R18H48	Medium				
R18H49	Large				
R18H410	XL				
R18H411	XXL				

- Comfortable protection when chopping meats, fruits and vegetables.
- Uncoated for ultimate dexterity in food processing, food service, and manufacturing.
- Breathable seamless knit 13g HPPE blended liner keeps hands cool and dry.
- Extended cuff protects wrists and forearms.
- **FFDCA compliant** and machine washable.
- Individually packaged 1 each / bag.
- **R18H4** - Hi-Vis orange for enhanced safety.

R18H4

NEW REUSABLE GLOVES / GENERAL PURPOSE

G11C1 Series / Flat Nitrile Coated

Item	Size	Liner Gauge	Liner Material	Coating Material	Quantity
G11C17	Small	13	HPPE	Flat Nitrile	12 pr/bg 144 pr/cs
G11C18	Medium				
G11C19	Large				
G11C110	XL				

ANSI 4 ABR, ANSI 2 PUNCT, EN 388 4121X

- Dexterous, form fitting gloves ideal for package handling, warehousing, general assembly, machining and maintenance.
- Seamless knit 13g nylon liner keeps hands cool and dry.
- Ultra tacky coating for maximum gripping power.
- Black flat nitrile palm coating for puncture and abrasion resistance.
- Dark color hides dirt and grime.
- **FFDCA compliant** and machine washable.

G12A2 Series / Foam Nitrile Coated

Item	Size	Liner Gauge	Liner Material	Coating Material	Quantity
G12A27	Small	13	Nylon	Foam Nitrile	12 pr/bg 144 pr/cs
G12A28	Medium				
G12A29	Large				
G12A210	XL				
G12A211	XXL				

ANSI 4 ABR, ANSI 2 PUNCT, EN 388 4131X

- Foam nitrile palm coating resists abrasion and channels away liquids for a nonslip grip in wet and oily environments.
- Dexterous, form fitting gloves ideal for manufacturing, warehousing, cleaning, machining and maintenance.
- Breathable, seamless knit 13g nylon liner keeps hands cool and dry.
- **FFDCA compliant** and machine washable.

REUSABLE GLOVES / WAREHOUSE

STRING KNIT GLOVES

SKVG100M

SKVG200L

SKVG200BM

Item	Description	Material	Gauge	Size/Cuff Color	Quantity
SKVG100M	Light Weight	Polyester/ Cotton Blend	7	Mens/White	12 pr/bg 40 dz/cs
SKVG100L				Ladies/Blue	
SKVG200M	Medium Weight			Mens/White	12 pr/bg 25 dz/cs
SKVG200L				Ladies/Blue	
SKVG200BM				Mens/White	

- Lightweight, general-purpose gloves.
- Seamless cotton/polyester shell is comfortable, flexible and breathable.
- Use as additional protection when working in the warehouse, or as a thermal liner in cold weather conditions.
- Ambidextrous. Reversible design allows user to replace one glove at a time.
- Machine washable. Complies with FFDC A food handling requirements 21 CFR, Part 177.
- **SKVG200BM** - Bleached white for use in food processing and food service applications.

PVC DOT STRING KNIT GLOVES

SKVG400

SKVG500

Item	Description	Material	Gauge	Size/Cuff Color	Quantity
SKVG400M	1-Sided Dots	Polyester/ Cotton Blend	7	Mens/White	12 pr/bg 25 dz/cs
SKVG400L				Ladies/Blue	
SKVG500M	2-Sided Dots			Mens/White	
SKVG500L				Ladies/Blue	

- Versatile, breathable gloves for all-day wear.
- Black PVC dots for enhanced grip and extra abrasion resistance.
- Knit wrist prevents dirt and debris from entering the glove.
- Machine Washable. Prop 65 compliant.
- Available in 1-sided and 2-sided dots.

GLOVE LINERS

SKVG700M

SKVG701LG

Item	Description	Material	Gauge	Size/Cuff Color	Quantity
SKVG701LG	Seamless Knit Liner	Polyester	13	Large/Blue	12 pr/bg 12 dz/cs
SKVG701LG25					25 pr/bg 50 dz/cs
SKVG700M	Inspection 110g/Dozen	Cotton	—	Mens/ Unhemmed	12 pr/bg 100 dz/cs

- Keep fingerprints and smudges off sensitive parts and materials.
- Wear alone, or as a liner under disposable and liquid-proof gloves.
- Complies with FFDC A food handling requirements 21 CFR, Part 177.
- **POLYESTER LINERS** - Form-fitting, seamless knit polyester keeps hands cool.
- **SKVG701LG25** - Bulk packed for high volume use.
- **INSPECTION** - Two-piece construction.

REUSABLE GLOVES / CHEMICAL & LIQUID RESISTANT

GREEN NITRILE GLOVES

Series	Mil Thickness	Lining	Cuff Length & Type	Grip	Quantity	XS	Small	Medium	Large	XL	XXL
C11A2	11	Unlined	13" Straight	Diamond	12 pr/bg 12 dz/cs	C11A26	C11A27	C11A28	C11A29	C11A210	C11A211
C14A2	15	Unlined				—	—	C14A28	C14A29	C14A210	C14A211
C14B2	15	Flock Lined				—	—	C14B28	C14B29	C14B210	C14B211
C16A2	22	Unlined	18" Straight	—	—	—	C16A28	C16A29	C16A210	C16A211	

- Durable protection from grease, fats and heavy duty cleaning solutions.
- Recommended for chemical processing, agriculture, food processing and manufacturing plants.
- Puncture and abrasion resistant Nitrile.
- Straight cuff. Diamond textured non-slip grip for dry, wet and oily environments.
- Complies with FFDCa food handling requirements 21 CFR, Parts 170-199.
- **C16A2 SERIES** – Ultra thick 22 mil with 18" extended arm protection. Packaged by the pair.

NEOPRENE COATED LATEX FLOCK LINED GLOVES

C37B6

Series	Mil Thickness	Color	Cuff Length & Type	Grip	Quantity	Medium	Large	XL
C37B6	28	Blue/Yellow	12" Straight	Honeycomb	12 pr/bg 12 dz/cs	C37B68	C37B69	C37B610

- Two in one. Multi-layer construction offers the chemical resistance of neoprene and the comfort of latex.
- Extra thick protection for manufacturing, painting and heavy duty cleaning.
- Replace when yellow color shows through blue.
- Flock-lined for increased comfort and easy donning.
- Straight cuff. Non-slip honeycomb grip.
- Complies with FFDCa food handling requirements 21 CFR, Parts 170-199.

NEOPRENE HEAT RESISTANT GLOVES

C43E59

Series	Mil Thickness	Color	Lining	Cuff Length & Type	Grip	Quantity	ANSI Cut Level	Heat Temp.
C43E59	75	Black	10g Kevlar Seamless Kit	13" Straight	Diamond	12 pr/bg 3 dz/cs	A3	662°F

- Traditional "Fryer Glove" protects against heat up to 662°F.
- Superior protection against alcohols, acids, and detergents.
- Heavy duty 75 mil thick Neoprene resists cuts, snags and abrasions.
- 10 gauge Kevlar seamless knit liner provides ANSI cut level A3 protection.
- Straight cuff. Non-slip diamond grip.
- Complies with FFDCa food handling requirements 21 CFR, Parts 170-199.
- Packaged by the pair.

REUSABLE GLOVES / CHEMICAL & LIQUID RESISTANT

LATEX FLOCK LINED GLOVES

Series	Mil Thickness	Color	Cuff Length & Type	Grip	Quantity	Medium	Large	XL	XXL
C22B1	12	Yellow	12" Rolled	Honeycomb	12 pr/bg 12 dz/cs	C22B18	C22B19	C22B110	—
C25B1	16	Yellow				C25B18	C25B19	C25B110	C25B111
C25B3	16	Blue				C25B38	C25B39	C25B310	C25B311

- All purpose gloves for janitorial, maintenance, food processing and food service.
- Form-fitting latex for jobs requiring tactile precision.
- Protects against acids, bases and solvents.
- Good snag, puncture and abrasion resistance.
- Flock lined for increased comfort and easy donning.
- Complies with FFDCa food handling requirements 21 CFR, Parts 170-199.
- Beaded cuff. Non-slip honeycomb grip.
- **BLUE** - Aids in contamination control.

LATEX UNLINED CANNERS GLOVES

C23A4

C23A3

Series	Mil Thickness	Color	Cuff Length & Type	Grip	Quantity	Medium	Large	XL
C23A4	13	Natural	13" Rolled	Fishscale	12 pr/bg 12 dz/cs	C23A48	C23A49	C23A410
C23A3		Blue				C23A38	C23A39	C23A310

- Traditional "Canners" glove for food processing and general cleaning.
- Form-fitting latex for excellent dexterity in wet and dry environments.
- Unlined to reduce potential product contamination.
- Double chlorinated for easy donning.
- Complies with FFDCa food handling requirements 21 CFR, Parts 170-199.
- Beaded cuff. Non-slip fishscale grip.
- **BLUE** - Aids in contamination control.

NEW BLUE LATEX UNLINED CANNERS VEND PACK

C23A3-VP

Series	Mil Thickness	Color	Cuff Length & Type	Grip	Quantity	Small	Medium	Large	XL
C23A3-VP	13	Blue	13" Rolled	Fishscale	1 pr/wrap 12 pr/bg 12 dz/cs	C23A37-VP	C23A38-VP	C23A39-VP	C23A310-VP

- 24/7 availability. Vend pack ready blue canners gloves dispensed at the push of a button.
- Control and track inventory to keep your operations running.
- Individually shrink wrapped.
- Unlined to reduce potential product contamination.
- Double chlorinated for easy donning.

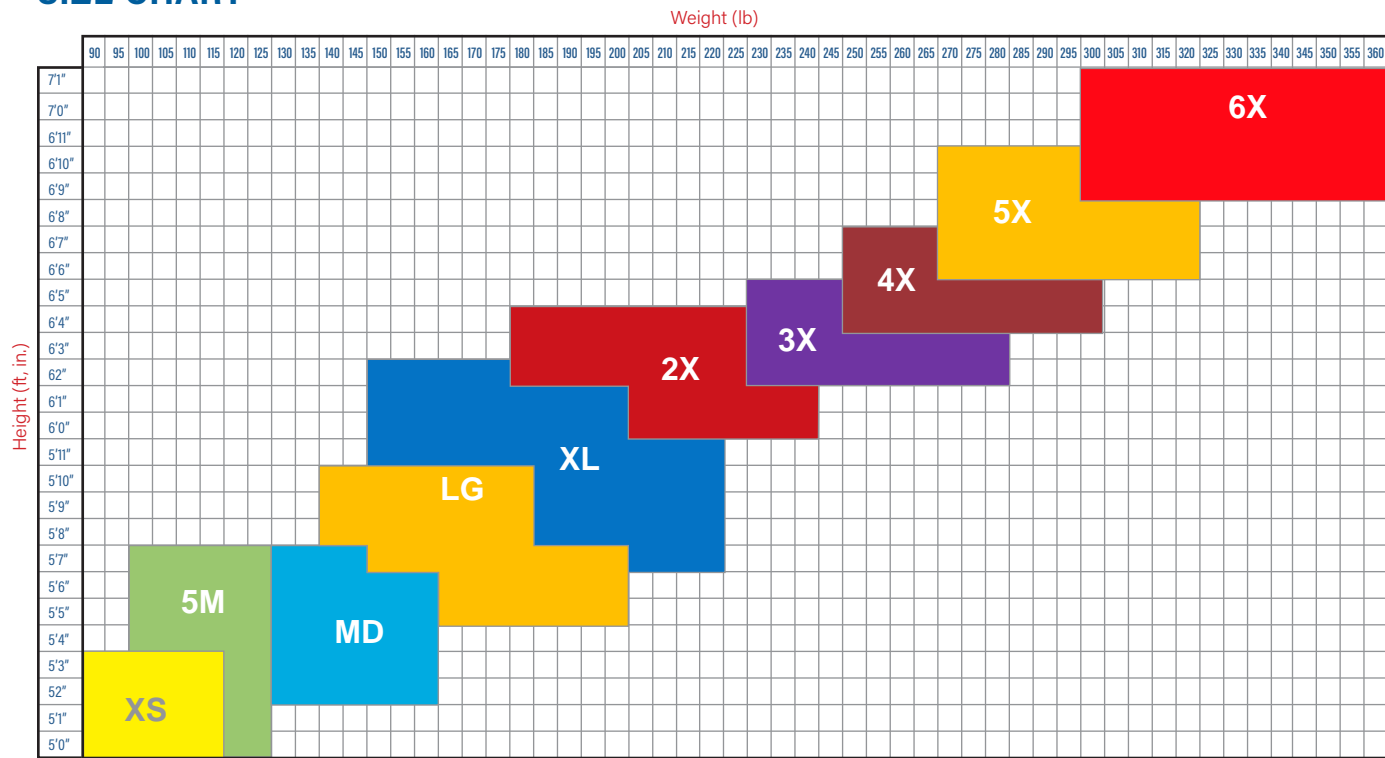

NEW

ARMORGUARD COVERALLS

VGuard® ArmorGuard is a general-purpose, protective material used in non-hazardous applications to protect workers against dirt, grease, grime, particles, and light liquid splashes while maintaining excellent breathability.

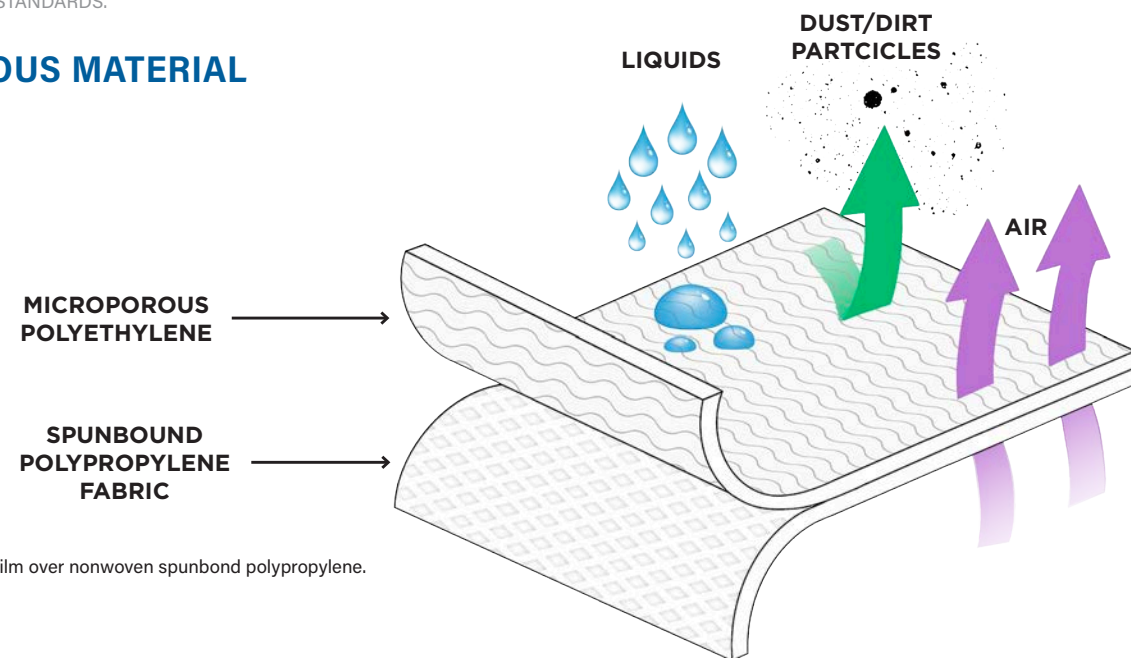

ArmorGuard microporous offers superior protection without sacrificing comfort. All coveralls have serged seams and a zipper front closure. They are individually packaged with one coverall per polybag to avoid contamination. Our coveralls meet ASTM F1670 & ASTM F1671.

SIZE CHART

Generous sizing complies with ANSI/ISEA 101-2014. Based on ANSI 101-2014 STANDARDS.

MICROPOROUS MATERIAL

NEW

ARMORGUARD COVERALLS

- Industrial
- Manufacturing
- Food Processing
- Foodservice
- Agriculture
- Automotive
- Janitorial

- Armor workers against non-hazardous grease, grime and light liquid splashes.
- 60gsm breathable microporous offers superior barrier protection.
- Serged seams with zipper front closure, latex free.
- Complies with FFDC food handling requirements 21 CFR Parts 170-199.
- Meets ASTM F1670 & ASTM F1671.

NEW BODY PROTECTION

ARMORGUARD PROTECTIVE APPAREL

EFFECTIVE DEFENSE AGAINST CONTAMINATION WITHOUT SACRIFICING BREATHABILITY.

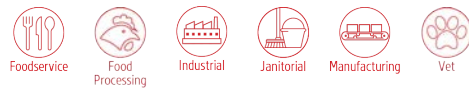

Item	Description	Material	Size	Color	Quantity
B07P16	Apron	53 gsm Microporous	28 x 36"	White	25 ea/bg 4 bg/cs
B0FW16	Pants		3XL		10 ea/bg 5 bg/cs

- Tough, yet non-linting ArmorGuard microporous fabric.
- Latex free to eliminate allergy concerns.
- Complies with FFDC food handling requirements 21 CFR Parts 170-199.
- **APRONS** - Sewn ties, open-back.
- **PANTS** - Elastic waist, open ankles.
- Meets ASTM F1670 & ASTM F1671.

SHOE COVERS

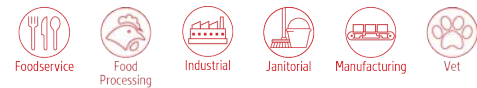

POLYPROPYLENE

Item	Description	Material	Size	Color	Quantity

LATEX

Item	Description	Material	Size	Color	Quantity
BAEP83	Shoe Cover	Latex	Large	Yellow	100 pr/cs

- Protect shoes and surfaces from dirt, grime and liquid splashes.
- **POLYPROPYLENE** - Non-skid sole for light liquid splashes.
- **CAST POLYETHYLENE (CPE)** - Waterproof protection.
- **SMS COATED** - Heavy duty strength and abrasion resistance. Tacky coating provides superior traction on slippery surfaces. Made to order product.
- **LATEX** - 16 mil thickness ultra elastic for easy donning over shoes and boots. Textured sole for traction on slippery surfaces. Made to order product.

NEW LAB COATS

SPUNBOND POLYPROPYLENE (SBPP) IS A STRONG, DURABLE AND LIGHTWEIGHT MATERIAL THAT PROVIDES PROTECTION AGAINST NON-HAZARDOUS DRY PARTICULATES, DIRT AND GRIME. THESE LAB COATS COME IN TWO DIFFERENT MATERIAL WEIGHTS - A LIGHT WEIGHT 28GSM AND MEDIUM WEIGHT 40GSM.

LIGHT WEIGHT

Item	Description	Material	Size	Color	Quantity

B1DS13			Large		
B1DS14			XL		
B1DS15			2XL		
B1DS16			3XL		

- Protection from non-hazardous particles, dirt and grime.
- Breathable and comfortable spunbond polypropylene.
- **Snap-Button Front.** Fold down collar and elastic wrists for added protection.
- Not made with natural rubber latex.
- **Light Weight** - 28gsm. Economical and disposable.
- **Medium Weight** - Heavier, 40gsm material provides a protective barrier.
- **BLUE** - Hides dirt and grime. Made to order product.

BODY PROTECTION

SLEEVES

LIGHTWEIGHT, DISPOSABLE AND COMFORTABLE ARM PROTECTION.

Item	Material	Size	Color	Thickness	Quantity
B16M10	Spunbond Polypropylene	18"	White	28 gsm	50 bg/4 cs
B76N10	Polyethylene		White	1 mil	100 bg/10 cs
B76N20			Blue		
B66O10	Vinyl		White	5 mil	6 pr/bg, 12 bg/cs
B66O20			Blue		

- Keeps skin and hair from contaminating food or product.
- Protects against dust, dirt, grime, and fluids.
- 18" length with elastic ends.
- Complies with FFDC A food handling requirements 21 CFR, Parts 170-199.
- POLYPROPYLENE** - Lightweight and durable.
- POLYETHYLENE** - Flexible and water repellent against liquids, greases and fats.
- VINYL** - Heavy duty 5 mil protection for your tough jobs. Made from Prop 65 compliant material.

CPE GOWNS

ALL THE COVERAGE NEEDED, NONE OF THE HASSLE.

Item	Material	Size	Color	Thickness	Quantity
B98P23	Cast Polyethylene	35x45"	Blue	4.5 mil	10/bg, 10 bg/cs
B98P24		35x48"			

- Over-the-head apron style neck for quick and easy removal.
- Protects against fluids, grease, and oils.
- Lightweight, embossed CPE.
- Open back. Adjustable waist ties.
- Die cut thumbholes keep sleeves from sliding up when donning gloves.
- Complies with FFDC A food handling requirements 21 CFR, Parts 170-199.
- BLUE** - hides dirt and grime.

BOOT COVERS

EASILY SLIDE OVER BOOTS AND CALVES TO KEEP DRY AND CLEAN.

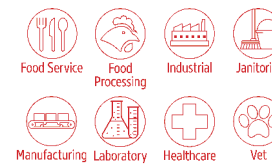

Item	Description	Size	Color	Material	Quantity
B75H74	Elastic Top	XL	Clear	Polyethylene	50 bx/10 cs
B75H75		XXL			
B70H74	Tied Top	XL			

- Waterproof embossed low-density 3 mil polyethylene.
- Complies with FFDC A food handling requirements 21 CFR, Parts 170-199.

POLYETHYLENE APRONS

EFFECTIVE DISPOSABLE PROTECTION AGAINST FLUIDS, GREASE, AND OILS.

B77N1

Item	Material	Size	Color	Thickness	Quantity
B77N14	Polyethylene	24x42"	White	1 mil	100 bg/10 cs
B77N15		28x46"	White		
B77N25			Blue		
B77K15		White	2 mil	100 bg/5 cs	
B77K25		Blue			

- Die cut embossed polyethylene.
- Open neck for easy removal.
- Adjustable waist ties.
- 100 aprons individually folded. Easily dispense one apron at a time.
- Complies with FFDC A food handling requirements 21 CFR, Parts 170-199.
- BLUE** - Aids in contamination control.

VINYL APRONS

HEAVY DUTY VIRGIN VINYL FOR ALL-DAY WEAR.

B67O16

Item	Description	Size	Color	Thickness	Quantity
B87O16	Die Cut	35x45"	White	6 mil	12 bg/6 cs
B87O26			Blue		
B67O16	Raw Edge		White		
B67O26			Blue		

- Protects against grease, fats and chemicals.
- 45" length provides full coverage.
- Over-the-head neck allows for quick and easy removal.
- Prop 65 compliant material.
- Complies with FFDC A food handling requirements 21 CFR, Parts 170-199.
- DIE CUT** - Open back. Adjustable waist ties.
- RAW EDGE** - Unhemmed. Adjustable neck and waist ties with reinforced grommets.

NEW PVC APRONS

PREMIUM, HEAVY DUTY PVC RESISTS SNAGS, PUNCTURES AND ABRASIONS.

B67U6B

Item	Description	Size	Color	Thickness	Quantity
B67U6B	Raw Edge	36x50"	Green	8 mil	12 bg/2 cs

- Effective protection against fats, oils and chemicals.
- Reinforced with 8 mil thick stomach patch for increased apron life.
- Unhemmed, raw edge.
- Resists snags, punctures and abrasion.
- Prop 65 compliant material.
- 50" length for extra protection.
- Adjustable neck and waste ties with reinforced grommets.
- Complies with FFDC A food handling requirements 21 CFR Parts 170-199.
- GREEN** - Aids in HACCP compliance.

FACE MASKS & BEARD COVERS

DISPOSABLE FACE MASKS TRIPLE LAYER PROTECTION FROM HARMFUL AIRBORNE CONTAMINANTS.

Item	Description	Material	Color	ASTM	Quantity
EFM2000	Adult 3-ply	SMS	Blue	Level 1	50 bx/40 cs
EFMB2000			Black		
EFM2000Y	Kids 3-ply		Blue	Level 2	
ESM2000	Adult 3-ply				
EFM2000SH	Adult 3-Ply Mask with Shield	SMS Mask PET Shield		Level 1	25 bx/8 cs

- Breathable SMS material with pleated design.
- Flexible metal nose clip for a secure fit.
- Elastic ear loops enhance comfort.
- LEVEL 1** - Meets ASTM F2100-19 Requirements.
- EFM2000Y** - Custom fit for smaller faces.
- ESM2000** - Meets ASTM F2100-19 Standards, Level 2. Made to order product.
- EFM2000SH** - Mask with PET Face Shield for added protection. Made to order product.

N95 RESPIRATORS EXCEPTIONAL PROTECTION FROM DUST, DIRT AND OIL-FREE AIR.

Item	Description	Color	Style	Quantity
PRN95240	N95	White	Cup	20 bx/12 cs
PRN95V120	N95 with Valve			10 bx/12 cs

- N95 rated. Filters out 95% of solid particles.
- Adjustable aluminum nose clip with welded head straps for a snug, secure fit.
- NIOSH approved.
- PRN95V120** - One-way valve for easy exhalation.

BEARD COVERS KEEP FACIAL HAIR FROM CONTAMINATING FOOD OR WORK SURFACES.

Item	Description	Size	Color	Material	Quantity
B12A19	Beard Cover	18"	White	Spunbond Polypropylene	100 bg/10 cs
B12N29			Blue		
B32A17		19"	White	Nylon	

- Breathable and comfortable spunbond polypropylene for all-day wear.
- Superior barrier properties.
- Not made with natural rubber latex.**
- Strong, elastic single strap.
- Complies with FFDC food handling requirements 21 CFR, Parts 170-199.
- BLUE** - Aids in contamination control.

HEAD PROTECTION

BOUFFANTS PREVENT STRAY HAIRS FROM CONTAMINATING FOOD OR WORK SURFACES.

- Spunbond Polypropylene offers a secure, comfortable fit for all-day wear.
- Strong, elastic headband.
- Not made with natural rubber latex.**
- Complies with FFDC food handling requirements 21 CFR, Parts 170-199.
- PANCAKE** - For superior comfort.
- PLEATED** - Accordion design expands to fit a wide range of hair lengths and types.

Item	Description	Size	Color	Material	Quantity
B11B11	Pleated	21"	White	Spunbond Polypropylene	100 bg/10 cs
B11B12		24"			
B11A17	Pancake	19"			
B11A11		21"			
B11A12		24"			
B11A13		28"			
B11A21	21"	Blue			
B11A22	24"	Blue			
B11A31	21"	Red			
B11A32	24"	Red			
B11A61*	21"	Green			
B11A62	24"	Green			
B11A81	21"	Yellow			
B11A82	24"	Yellow			
B11A91	21"	Orange			
B11A92	24"	Orange			

*This is a made to order product.

HAIRNETS COOL, ECONOMICAL OPTION WHEN FULL CONTAINMENT IS NOT NECESSARY.

Item	Description	Size	Color	Material	Quantity
B31A11	Honeycomb Hairnet	21"	White	Nylon	100 bg/10 cs
B31A12		24"			
B31A13		28"			
B41A51		21"	Brown		
B41A52	24"	Brown			

- Double strand. Honeycomb pattern for extra durability.
- Strong, elastic headband.
- Not made with natural rubber latex.**
- Complies with FFDC food handling requirements 21 CFR, Parts 170-199.
- B31A13** - Made to order product.
- BROWN** - Blends in with hair, providing a professional appearance.

HOODS BREATHABLE, SOFT, AND LIGHTWEIGHT PROTECTION WHEN FULL COVERAGE IS REQUIRED.

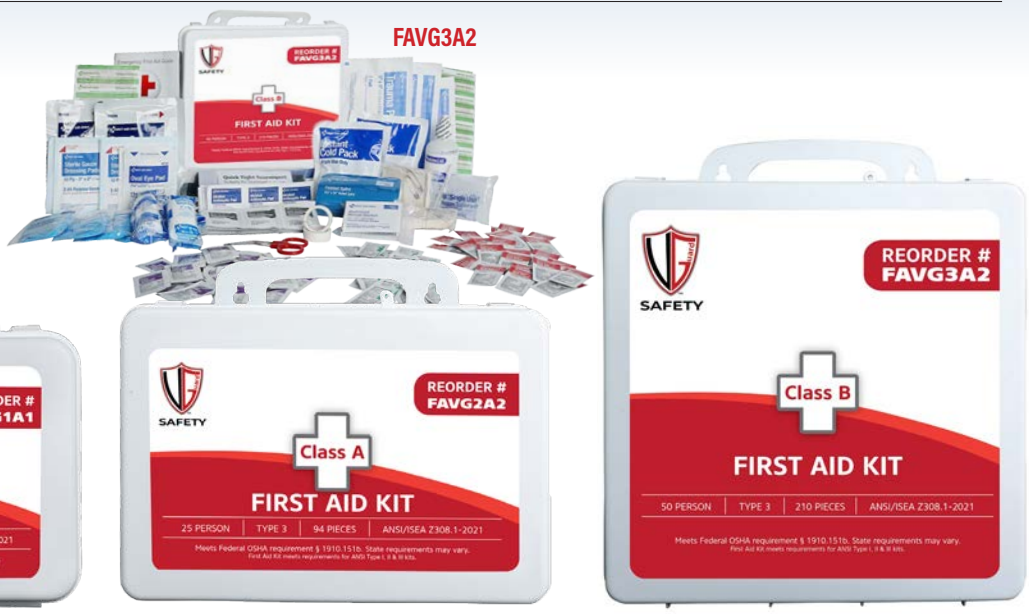

Item	Description	Size	Color	Material	Quantity
B19N13	Hood	Large	White	Spunbond Polypropylene	100 bg/10 cs
B19N14		XL			
B19N23		Large	Blue		
B19N24		XL			
B19N34		XL	Red		
B19Q13		Large	White		
B19Q14	XL				

- One-piece spunbond polypropylene.
- Good alternative to bouffants and hairnets.
- Not made with natural rubber latex.**
- Strong, elastic face enclosure.
- Complies with FFDC food handling requirements 21 CFR, Parts 170-199.

NEW FIRST AID & EYE WASH

ESSENTIAL SUPPLIES FOR TREATING ACCIDENTS AND WORKPLACE INJURIES

- Food Processing
- Foodservice
- Industrial
- Janitorial
- Manufacturing
- Automotive
- Warehousing
- Retail

Item	Description	ANSI Class	People Served	OSHA Compliant	Quantity
FAVG1A1	First Aid Kit	A	10	Yes	12 ea/cs
FAVG2A2		A	25		6 ea/cs
FAVG3A2		B	50		

Item	Description	ANSI Class	Size	OSHA Compliant	Quantity
FAVBBA1	Bloodborne Pathogen Kit	—	One Time Use	Yes	12 ea/cs

Item	Description	Bottle Size	Total Bottles	OSHA Compliant	Quantity
EYVG11	Double Eyewash Station	32 oz.	2	Yes	6 ea/cs

- Portable or wall mountable plastic case.
- Meets **ANSI Z308.1-2021 STANDARDS** when the required minimum fill is maintained.
- **BLOODBORNE PATHOGEN KIT** - Emergency cleanup for blood and bodily fluids.
- **DOUBLE 32oz. EYEWASH STATION** - Provide immediate, emergency flushing after an eye injury when a larger eyewash station is not close by. Hi-Vis green station mounts conveniently to the wall in hazardous areas.

LENS CLEANING WIPES

Item	Description	Material	Sheet Size	Quantity
LWVG1A	Lens Cleaning Wipes	Bleached Softwood Kraft Pulp Paper	5x8"	100/bx 10 bx/cs

- Quickly remove dirt, debris, and oily fingerprints for streak and residue-free results.
- For use on plastic, polycarbonate, glass and prescription lenses.
- Also recommended for goggles and face shields.
- Pre-moistened wipes are safe and effective on all lens coatings.
- Nonabrasive, anti-fog, anti-static and silicone-free formula.

NEW PREMIUM WIPES

PRE-MOISTENED, ALCOHOL-FREE AND HYPOALLERGENIC WIPES IDEAL FOR INCONTINENCE AND QUICK CLEANUPS.

- Healthcare
- Long Term Care
- Hospitality
- Daycare
- Home

Item	Description	Material	Sheet Size	Quantity
E11110	Premium Adult Wipes	Polyester/Viscose	8x12"	50 pk/12 cs
E11111				64 pk/8 cs
E11112				64 pk/8 cs
E34531	Flushable Wipes	Wood Pulp Spunlace	8x12"	24 pk/24 cs
E34631				60 pk/9 cs
E25723	Bathing Cloths	Needle Punched Non-Woven	8x8"	8 pk/30 cs
E46835	Feminine Wipes	Parallel Spunlace Non-Woven	5.5x8"	40 pk/24 cs

- **PREMIUM ADULT WIPES** - Soft, non-woven cloth-like fabric. Available in 8 x 12" and 9 x 13" sizes in multiple packaging configurations.
- **FLUSHABLE WIPES** - Strong enough for everyday cleaning with the convenience to safely flush. Biodegradable, sewer and septic safe. E34631 bulk pack is made to order.
- **BATHING CLOTHS** - 8 individual cloths for a full body clean in just one pack. Rinse-free, microwaveable formula.
- **FEMININE WIPES** - Unique formula designed to block odor and lock-in freshness. pH balanced to match the body's natural chemistry.

LIGHT ABSORBENCY UNDERPADS

- Healthcare
- Long Term Care
- First Responder
- Daycare
- Home
- Vet

Item	Description	Material	Size	Backsheet Color	Quantity
U11A1	Disposable Underpad	Fluff/Polymer Core	23x36"	Blue	5 bg/30 cs

- Absorbs liquids and protects linens, mattresses and furniture from accidents and incontinence.
- Soft fluff material for comfort.
- Polymer core locks in fluids and neutralizes odors.
- Non-slip, waterproof backing holds underpad in position. Heat-sealed, non-woven edges feel gentle on skin.

NR = Not Recommended. Align with OSHA fentanyl glove recommendations.

*Chemotherapy drugs required by ASTM D6978-05 (2019).

Tested for use with chemotherapy drugs per ASTM D6978-05 (2019), "Standard Practice for Assessment of Resistance of Medical Gloves to Permeation by Chemotherapy Drugs." Gloves used for protection against Chemotherapy Drug exposure must be selected based on the specific type(s) of chemicals used. Users are recommended to review drug labeling or safety data sheets (SDS) for the chemotherapy drugs being used to determine an adequate level of exposure.

Additional data available upon request.

Grading Key ● Excellent ● Good ● Fair ● Poor ● Not Recommended

WARNING: VANGUARD SAFETY GLOVES haven't been individually tested against the chemicals in this chart. We assume no responsibility for the suitability of a user's selection for a specific application. Failure by the user to select the correct glove material could result in injury, sickness, or death. This chart is provided only as a general guide for the suitability of various unsupported glove materials against commonly used chemicals. The data provided is based on published information, including OSHA 3151-12R-2001, and is believed to be accurate; however, we cannot guarantee its accuracy. Chemical resistance is affected by many factors including temperature, concentration, glove thickness, glove durability, and chemical exposure time. It is solely the responsibility of the user to determine the risk associated with a particular application and to make the appropriate choice for protection against such risk. Gloves referenced as "fair", "poor", or "not recommended" should never be used. It is always best to perform a trial by exposing gloves referenced as "good" or "excellent" to the chemical before using. Check for chemical penetration, discoloration, cracking, or swelling. Discontinue use and consider another glove material should any degradation of the glove material occur.
